

10th Database Quality Improvement Conference

Date : September 10th, 2016

Venue : Hall B2, Yaesu Hall, Tokyo (<http://yaesuhall.co.jp/accessmap/>)

Program

10:30-10:35

Opening remarks

Satoshi Kusuda

Tokyo Women's Medical University

10:35-11:10

Annual report of network database

Satoshi Kusuda

Tokyo Women's Medical University

11:10-12:05

Non-invasive respiratory support for preterms: the evidence base

Hareh Kirpalani

The Children's Hospital of Philadelphia, USA

12:05-12:30

Nationwide survey of the mortality, morbidity, and long-term prognosis of Persistent Pulmonary Hypertension of the Newborn of extremely premature infants in Japan from 2003 to 2012: a retrospective cohort study

Hidehiko Nakanishi

Tokyo Women's Medical University

12:30-13:10

Lunch

13:10-13:35

Survival and neonatal morbidity among infants with birth weight of 500g or less in Japan

Masayuki Ochiai
Kyushu University

13:35-14:00

Changes in the incidence of neonatal sepsis among very low birth weight infants

Makoto Oshiro
Japanese Red Cross Nagoya Daiichi Hospital

14:00-14:25

Effect of umbilical cord milking on neurodevelopment at 3 Years of Age: Neonatal research network database analysis.

Shigeharu Hosono
Nihon University Itabashi Hospital

14:25-14:50

Limit of viability in extremely preterm infants

Shinya Hirano
Osaka Medical Center and Research Institute for Maternal and Child Health

14:50-15:10

Coffee brake

15:10-15:35

Perinatal and neonatal factors correlate to late-onset circulatory collapse in extremely preterm infants

Yume Suzuki and Yumi Kono
Jichi Medical University

15:35-16:00

Role of gender in morbidity and mortality of extremely premature neonates: a nationwide population-based study

Masato Ito^{1,2}, Masanori Tamura¹, Fumihiko Namba¹

¹Department of Pediatrics, Saitama Medical Center, Saitama Medical University

²Department of Pediatrics, Akita University School of Medicine

16:00-16:15

INTACT の進捗状況報告

西田俊彦

東京女子医科大学母子総合医療センター

河野由美

自治医科大学

16:15-16:20

Closing remarks
